

## Social Networking on CAP Connect

Welcome to **CAP Connect** where you'll meet students from all over the U.S. who are working on Civic Action Project.

### Instructions

1. Get your personal username and password from your teacher and write it below.

Username: \_\_\_\_\_ Password: \_\_\_\_\_

2. Go to [www.crfcap.org](http://www.crfcap.org) and log in.
3. Click on the Connect tab.
4. Choose any social networking forum from the CAP connect page to create awareness for your issue:
  - **Discuss.** Discuss the CAP issue you are working on; ask for advice and feedback from other CAP students or the CAP Youth Board. Share ideas...communicate!
  - **Publish.** Publish an essay or editorial about your CAP project. A published essay or editorial about your CAP issue can draw widespread attention to your concerns. Focus on your issue; state and support your opinion. If you have a solution, include the action you plan to take.
  - **Share.** Post links to other social networking sites you have created for CAP. Creating a website is just one way to educate others about your CAP issue. You can also use other social networking sites: Facebook, tumblr, Blogger, Instagram, and Twitter. (Use #CRFCAP)

**Please be respectful of each other's opinions. This is an educational forum that is viewed by teachers, school administrators, and policy makers, maybe even the policy makers who are dealing with your issue at your school or in your community.**

Educate. Participate.
