Educate. Engage. Empower.

There are two ways you can share the hard work you've done on your Civic Action Project with the audience at the CAP Expo!

Option A: General Approach

What is your issue? Give us the details, the facts, the specifics.

Why should other people care about your issue? What makes you passionate about it?

Option B: Detailed Approach

What is your issue? Give us the details, the facts, the specifics. Tell us your "Why"

What civic action have you taken/do you plan to take on this issue?

How can you connect your issue to policy?
